We last week wrote a brief rotice of the reception of the 44th annual re port of the board of state charities, sent by Mr, Wales, but somehow it was mislaid. This report gives a quite interesting account of the county infirmaries throughout the state; also many facts concerning the mental and physical conditions of the inmates of the states prison. Mr. W. also, at the same time, favored us with the draft of a bill regulating coal mines and the working thereof.

Gen. Jarvis, one of the trustees of the Deaf and Dumb Asylem of Ohio, placed in our possession the 44th annual report by the superintendent of the institution. Mr. Fay's report contains many facts of interest concerning this asylem. There are at present six inmates from Stark county-312

In the latter, tubericles may be suddenly deposited in the lungs or heart, or tumors formed in the kver, or it shows its presence by eruptions on the skin, or forbidicerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this SARSAPARILLIA: St. Anthony's Fire, Eose or Erysipelas, Tetter, Sait Rheum, Scaid Haad, Eignworm, Sore Eyes, Sore Ears, and other eruptions or wisible forms of Scrofulous disease. Also in the more concealed forms, as Dyspepsia, Droppy, Heart Disease, Fits, Epilopsy, Neuralpia, and the various Ulcerous affections of the muscular and nerrous systems.

Syphilis or Venereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medicine.
